

RESTORING BEAUTY AND SELF CONFIDENCE

By
DR. WENDY EPSTEIN
BELLA TU MED SPA
NYACK, NEW YORK

Nestled in the artsy village of Nyack on the shores of the Hudson River, just minutes outside of Manhattan, Bella Tu Med Spa offers patients seeking aesthetic enhancement a wide range of unique treatments and services. “Many clients come with a friend to indulge in one of our nonsurgical procedures, like Botox Cosmetic, fillers, our ‘Diamond Facial’ or our ‘Needle Light’ treatment, which can dramatically firm an aging neck,” says Dr. Wendy Epstein. Patients from all over the northeast come to Dr. Epstein for her individualized, discreet “liquid facelift” restoration while taking in the town. “After indulging in a treatment, get some rest and relaxation at The Time Hotel, conveniently located a few blocks away,” adds the doctor.

INSIDE MY PRACTICE

1.

THREE WORDS THAT BEST DESCRIBE ME

Perfectionist, perceptive, conscientious

2.

WHAT SETS MY PRACTICE APART

At Bella Tu Med Spa, we are a cooperative and caring group of women who have an understanding of life in and outside of the office. We offer a team approach and are dedicated to helping you feel better about yourself

3.

HOW I PUT PATIENTS AT EASE

My before-and-after photos are my most powerful tools. The images show what can be achieved with my skill and expertise. After our complimentary consultation, I encourage my patients to go home and think about what we’ve discussed. I tell them that if it’s the right thing to do today, it’ll be the right thing to do tomorrow

4.

WHAT I LOVE MOST ABOUT MY PROFESSION

It is extremely gratifying to see my patient’s expression as I show them the mirror. There’s no better feeling than seeing a face light up when their confidence is restored

5.

WHAT NEW SERVICES ARE YOU EXCITED TO OFFER?

Juvéderm Volbella—we are really excited to be one of the first in the area to offer this new filler designed specifically for the lip and mouth area. Our clients have been asking for this for a long time and it is well worth the wait!

6.

WHY IS GIVING BACK SO IMPORTANT TO YOU?

I volunteered at Bellevue Hospital for 28 years teaching dermatology residents the art of empathy for each and every soul. I am forever enriched by being entrusted to care for another human being

A Softer Look

Dr. Epstein treated this 58-year-old patient with Juvéderm®, Botox Cosmetic and microneedling to address lost facial volume and achieve a softer, more feminine look.
